Sending sample abroad consent form				

GC:

Date:/...../.....

I,, after reading all the content of this consent form, receiving the necessary explanations, and having sufficient opportunity to ask questions and receive answers, hereby **freely and knowingly**, without any coercion or pressure, and with full awareness of the mentioned probabilities and the potential psychological, emotional, or physical consequences, give my complete consent for sending my own / my child's sample for **genetic testing abroad**.

It has been explained to me that:

1. **The Kariminejad–Najmabadi Genetic and Pathology Center** will send the sample to reputable international laboratories. As the analysis of the sample is performed outside this center, **this center assumes no responsibility for any delays or the accuracy of the test results.**
2. The sample will be shipped using **reliable international express courier services**. Naturally, any unforeseen problems that may occur during shipment or delivery of the package and its contents are **not the responsibility of this center**. The center's sole obligation is to follow up according to international shipping laws and regulations.
